Delta, UT 84624

Dear Mr. Harris:

We have recently determined the surface area which has been disturbed by you on the Violet claims located in Beaver County, Utah. It appears that almost five acres have been disturbed. Normally we would be requesting you to submit a Plan of Operation and a reclamation bond before any additional surface area could be permitted on the claims.

We understand that Kennecott has an option to buy the property from you. We are willing to wait to see if this option is exercised before requiring a Plan of Operation from your company. Please be advised, however, that if Kennecott does not acquire the property, you will be required to submit a Plan of Operation and post a bond in accordance with the regulations found at 43 CFR 3809.

We appreciated the way your company has worked with us. Please contact Gina Pack at this office if you have questions regarding this letter.

Sincerely,

Arthur L. Tait  
Area Manager
